I have examined the above accounts and find same correctly cast and well vouched. It is my further duty to call attention to charges made by the selectmen for services at the rate of three dollars per day, which charges do not appear to have been authorized by the town, and of the failure of the road agent to reports the rate per day they charged the town for their services. Also that the short days of October and November were charged to the town as full days of ten hours each.
